PRINCIPAL'S / SCHOOL IMPROVEMENT COUNCIL REPORT

The School Improvement Council of Belleview Elementary School has prepared a summary report of the school's accomplishments for the 2000-2001 school year and the goals for the 2001-2002 school year.

During the 2000-2001 school year, we maintained a focus on the Language Arts block and Mathematics. Reading Recovery teachers provided in-services to both staff and parents on successful reading techniques. Six classroom teachers participated in mathematics workshops. The Environmental Club, Hand Bells, and Student Chorus were programs initiated for student participation with over eighty students participating in these activities. Student engagement in the Accelerated Reader Program increased during the school year by three percent. The CCC Lab and Compaq labs were made available for students at 7:00 a.m. each school day. The labs had an average attendance of forty-five students per-morning. An after-school-tutoring club for identified students in grades 3, 4, and 5 was provided for thirty identified students for PACT preparation. Ten classroom teachers and two administrators participated in the Governor's South Carolina Reading Initiative. Volunteer hours increased from 6,750 hours to 7,061 hours.

Planning for the 2001-2002 school year, Belleview will increase the number of students scoring at or above 50th percentile on the PACT by three percent. Belleview will continue to participate in the South Carolina Governor's Reading Initiative Program over the next two years. We will continue to focus staff development in the areas of literacy and mathematics. All teachers in grades K-4 will be self-contained. Belleview will continue to have the CCC Lab and Compaq labs available for students beginning at 7:00 a.m. each school day. Belleview will continue the after-school-tutoring club for identified students in grades 3, 4, and 5. Belleview will continue efforts to increase business and community partnerships.
